

FACILITY MANAGER

HEALTH & SAFETY TRAINING

Community Care Licensing, Title 22 section 84265(c)(1) requires Facility Managers to receive fifteen hours of health and safety training. The training shall include pediatric cardiopulmonary resuscitation, pediatric first aid, recognition management, and prevention of infectious diseases which include immunizations and the prevention of childhood injuries.

Our Facility Manager training has been approved by the State Emergency Medical Service Authority (EMSA). Facility Managers who work for Adult Residential Care Facilities, Residential Care Facilities for the Elderly, and Group Homes are required to meet this requirement. We offer this course on a monthly basis. If you have an immediate need outside of our monthly schedule of courses, please feel free to contact us in order to schedule a customized training. We can also accommodate you, by coming to your facility. The following courses are being offered this month. Please see our schedule below.
